President Mark Lowery pictured with other JAX Refrigeration employees.

JAX Refrigeration Inc. was founded by a group of experienced professionals and field technicians looking for new opportunities within an established industry. The company offers creative engineering and installation solutions for industrial refrigeration and HVAC/mechanical projects. Clients benefit from the extraordinary attention to safety, quality and value that the firm provides.

As one of *Florida Trend's* Best Companies To Work For In Florida 2011, JAX Refrigeration's dedicated employees enjoy a positive, pro-fessional business culture in a fun and relaxed family setting. They believe that the firm's distinctive culture leads to a more productive team.

Travis Kisner, Regional Service Manager, says, "JAX Refrigeration provides the

freedom and encouragement to express opinions, which is unique for companies in our industry. The rapid response to customer and employee needs is exceptional. There is definitely a good balance of hard work and fun!"

JAX Refrigeration is proud to be a growing company where employees are *family* and customers are *friends*.
